Water Leak Allowance Application Form Lachlan Shire Council

The leak that was repaired at your property may have had an effect on the recorded water consumption.

If this is the case Council may consider granting a special allowance to offset a portion of water lost, provided that the repair work was undertaken by a licensed plumber and the necessary certificates are completed and returned to Lachlan Shire Council.

Please provide the completed water leak Allowance Application as well as a copy of the licences plumbers invoice within 14 days of the date of repair.

An allowance will not be considered if the leak occurred from appliances, fixtures or fittings including air-conditioners, dishwashers, swimming pools, hot water systems, taps, showers, irrigation systems or toilet systems. Repaired pipes must not be low grade PE pipe; it must be Blue Line 8B grade or equivalent.

If you engage the services of a licenced plumber to check to make repairs, Lachlan Shire Council will not reimburse you for the plumber's costs.

Plumbers must hold a valid plumbing contractor's licence and be registered with NSW Government Fair Trading.
