1. BACKGROUND

Council has established the Lachlan Shire Internal Audit as a key component of the council's governance and assurance framework, in compliance with the *Local Government (General) Regulation 2021* and the Office of Local Government's *Guidelines for risk management and internal audit for local government in NSW*. This charter provides the framework for the conduct of the Lachlan Shire Internal Audit in the council and has been approved by the governing body taking into account the advice of the council's audit, risk and improvement committee.

2. PURPOSE OF INTERNAL AUDIT

Internal audit is an independent, objective assurance and consulting activity designed to add value and improve the council's operations. It helps the council accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes (as defined by the International Standards for the Professional Practice of Internal Auditing 2017).

Internal audit provides an independent and objective review and advisory service to provide advice to the governing body, general manager and audit, risk and improvement committee about the council's governance processes, risk management and control frameworks and its external accountability obligations. It also assists the council to improve its business performance.

3. INDEPENDENCE

Lachlan Shire Internal Audit is to be independent of the council so it can provide an unbiased assessment of the council's operations and risk and control activities.

Lachlan Shire Internal Audit reports functionally to the council's audit, risk and improvement committee on the results of completed audits, and for strategic direction and accountability purposes, and reports administratively to the general manager to facilitate day-to-day operations. Internal audit activities are not subject to direction by the council and the council's management has no role in the exercise of the council's internal audit activities.

The audit, risk and improvement committee is responsible for communicating any internal audit issues or information to the governing body. Should the governing body require additional information, a request for the information may be made to the chairperson by resolution. The chairperson is only required to provide the information requested by the governing body where the chairperson is satisfied that it is reasonably necessary for the governing body to receive the information for the purposes of performing its functions under the Local Government Act. Individual councillors are not entitled to request or receive information from the committee.

The general manager must consult with the chairperson of the council's audit, risk and improvement committee before appointing or making decisions affecting the employment of the internal audit coordinator.

Where the chairperson of the council's audit, risk and improvement committee has any concerns about the treatment of the internal audit coordinator, or any action taken that may compromise their ability to undertake their functions independently, they can report their concerns to the governing body.

4. AUTHORITY

Council authorises the Lachlan Shire Internal Audit to have full, free and unrestricted access to all functions, premises, assets, personnel, records and other documentation and information that the internal audit coordinator considers necessary for the Lachlan Shire Internal Audit to undertake its responsibilities.
